

You didn't say your name,
but I caught your Instagram later imfao.
Gratitudes for being my sign at the moment,
Anime_Lover149

Oh, fussy
whiny brat.
Would you
really have
quit if I didn't
toss you a
sign?

HAHAHAH
HEO NO!
I'm Aidyn.

I don't even
start drugs
because I don't
like cutting.

My crush on
art is
incomible

Like if art
was a person,
I'd be watching
it sleeps from
the inside.

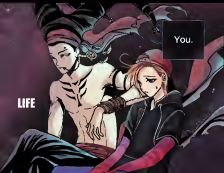

Who the hell am I

**To pompously believe
out of all these people.**

I'd make it

YOU.

LIFE

NY Comic Cons After Maths

You wanna
know
what true
loneliness
is??

Having dinner with
an artist in Korea,
he mentioned
everyone in his
shop. EXCEPT
YOU!

Ken
Head of
UNE Webtoon

Oh shoot,

**Yep. It takes a flying steampunk
fish to prove I'm not doolally.**

**Anyways, people asked
"Why are readers portrayed
as Angler fishes?"**

**It's kinda obvious, isn't it?
You're the lights in
my darkest hours.**

SNAILC@RDS

**Something
tangible so I know
I'm not deranged.**

**Or I'll end this
charade.
Right here.**

Right now.

Excuse me,
are you Aidyn?

Eyes
beaming with
adoration,

Gazing at this peon like I'm a Lord.

What's wrong with you...lol
Don't fix it.

3 secs to
protest before
I assault you
with a hug
3. 2....

Go for it!

The rest of the trembling though,
probably pure fear

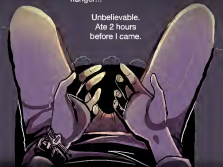

I'd make it.

My hands
shook.

Mostly from
hunger...

Unbelievable.
Ate 2 hours
before I came.

I'll rectify
my mistake
right now!

Usually feeds
us creators
when we see
him

Wow,
it's like we
don't even
exist...

CONCERN
DON'T
FEEL

You
forgot how
pretty I can
be.

"Are you that afraid of me?"
He asked.

Anyways, as I sat through the Webtoon panel, featuring Michelle Phan and Stephen McCranie, and other successful artists.

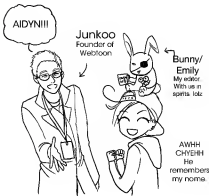

All I could think was
7.3 billions humans inhabiting
the Earth

**See, most of the times,
I feel like a snail on the
pavement**

It was nice to meet other
Webtoon creators too.

I've not seen so many funny people
gathered in one place. Most draw
funny comics and have pretty great
sense of humor so put them in a room
and I can just read their conversations
with popcorns in hands. Lolz.
More entertaining than Netflix.

"Pretty..."
You look
like a goddamn
wife-beater.
I'm petrified

Anyways,
Am I just
crazy and
delusional,
pursuing a
fallacy

Will I die famished
on cold pavements?
I don't like
being hungry.

Send me a sign.

Something

At the mercy of pedestrians' heels.

But
you.
